

Citrix® CCA

Citrix Certified Administrator (CCA)

Fact Sheet

The Certification Process

Attend one of the following courses to prepare for the respective CCA certification exam.

- CTX-1221, CTX-1222 - Citrix MetaFrame XP for Windows Administration
- CTX-302.2 - Citrix MetaFrame Administration 1.8 for Windows
- CTX-3021 - Citrix MetaFrame Administration 1.8 for UNIX
- Pass one of the following exams:
 - Exam 220 or 221 - Citrix MetaFrame XP 1.0 for Windows Administrator
 - Exam 218 - Citrix MetaFrame 1.8 for Windows for Administrator
 - Exam 310 - Citrix MetaFrame Administrator for UNIX Operating Systems
- You will be able to check your progress on tests and update your data via the certification management database at <http://www.citrix.com/site/SS/training/certManager.asp>
- You will receive a welcome package including a certificate and logo sheet

System administrators, Citrix resellers and business affiliates, and independent consultants will find that the Citrix Certified Administrator (CCA) program is an excellent credential. It provides product expertise by ensuring the highest level of instruction on Citrix products.

CCAs are skilled industry professionals that have demonstrated a thorough knowledge of Citrix MetaFrame XP Presentation Server, Citrix MetaFrame 1.8 for Windows, or Citrix MetaFrame Presentation Server for UNIX Operating Systems.

In addition to the ability to provide your users with increased application performance, Citrix certification offers distinct benefits to you and your organization. To assist with marketing your organization and distinguishing yourself as an expert, you can use the CCA logo on business cards and brochures.

Citrix® Certified Administrator (CCA)
